CAREER OBJECTIVE

Computer Science and Engineering (IoT) undergraduate seeking an opportunity to apply academic knowledge and technical skills in a professional environment. Aiming to gain practical experience in software development and emerging technologies while contributing effectively to organizational objectives. Committed to continuous learning, professional growth, and excellence in work.

PROJECTS

- **AI Clarification Assistant**

Duration : 23.03.2026 – 19.04.2026 | Team Size : 4 | Role : Team Member

Developed an AI-powered clarification assistant during the Internship to provide instant and accurate responses to user queries, enhancing information accessibility and user experience.

- **Skill Gap Analysis Application**

Duration : 24.03.2026 – 28.03.2026 | Team Size : 7 | Role : Team Lead

Led the development of a skill gap analysis application during Innovation Week, conducted in collaboration with InUnity to assess user skills and recommend personalized learning pathways for career development.

- **Pollination Analyzer for Precision Agriculture**

Duration : 15.04.2026 –24.06.2026 | Team Size : 4 | Role : Team Lead

Designed and developed an IoT-based pollination analyser for precision agriculture to monitor key environmental parameters and support data-driven farming practices for improved crop productivity

SKILLS

- Leadership and Team Management
- Presentation and Public Speaking
- Adaptability

TECHNICAL COMPETENCIES

- Languages: C, Python, Java
- Frontend Development: HTML, CSS, React
- Databases: MySQL, MongoDB
- IoT & Emerging Technologies: Internet of Things (IoT), Embedded Systems, Generative AI
- Development Tools: GitHub, VS Code, Antigravity

ACHIVEMENTS

- Selected for the next round of Smart India Hackathon (SIH) 2025 after qualifying in the internal hackathon conducted by the college.
- Recognized as the 2nd-ranked team among participating teams from all departments during the first phase of Innovation Week and selected to showcase the project.
- Appointed as Campus Co-Head of GeeksforGeeks after successfully clearing the selection examination and interview process.
- Secured an All India Rank of 7,450 in the ICAT examination conducted by iStudio and qualified for a Machine Learning internship program.

EDUCATION

B.Tech in CSE-IOT	GM University Davangere	2024-2028	CGPA: 9.04
